

Resolution of the Board of the Arizona Mountaineering Club

Draft Rock Climbing Plan – North Access Area

Whereas the north McDowells in the area of the proposed North Access Area is a major rock climbing resource of historical significance; and

Whereas the Arizona Mountaineering Club is very appreciative of the efforts of the City of Scottsdale staff to work with representatives of the rock climbing community over the years; and

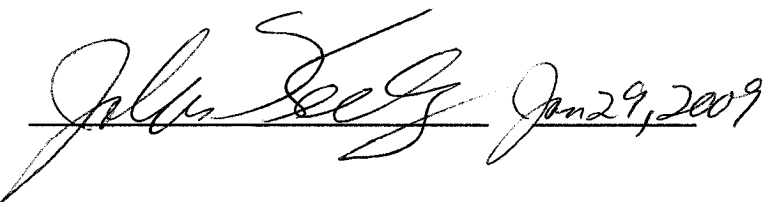

Whereas the Arizona Mountaineering Club is fully supportive of the goals of the Preserve; and

Whereas the Arizona Mountaineering Club will be willing to assist the City staff and other volunteer organizations in educating the rock climbing community as to the goals of the Preserve and the acceptable climbing practices, and in doing trail construction and trail maintenance under the direction of the appropriate City designees; and

Whereas the Draft Rock Climbing Plan presented to the rock climbing community January 26, 2009 represents a fair and accurate representation of the historic rock climbing resources that exist in the North Access Area as evidenced in historic rock climbing guidebooks such as Jim Waugh's Phoenix Rock, Greg Opland's Phoenix Rock II, and Marty Karabin's McDowells climbing map;

Be it resolved that the Board of the Arizona Mountaineering Club hereby endorses and supports said Draft Rock Climbing Plan.
